GOD IS GREAT

*Claudia de Moya
Department of Pastors' Assistance,
Ministerios Ebenezer Zone 5, Guatemala*

Before this Summer Retreat, in February 2022, I was diagnosed with diabetes, inherited from my mother. Since then, the Lord was speaking to my heart. After that, one day, in the Women's Church Service, I received a prophecy regarding faith and the Holy Spirit's Gifts, specifically Health; and sister and deaconess Carol de Villagrán taught us that one of the Holy Spirit's gifts was faith, and that we should yearn for it; so I did, and the Lord baptized me with a new kind of Tongues' Gift. Thank God, I had the privilege to serve, at the summer retreat, in the Pastors' Assistance department, and many of them prayed for me. Although, I couldn't physically assist the whole week to the summer retreat, I was not away from it. On Thursday evening, April 14, 2022, the Lord spoke to my heart and told me: "Today, I heal you."

A lot of doubts came to my mind, but in another Women's Church Service teachings, again, they talked about faith which is "the anticipation of the victory, and a thankful behavior before victory." Days later, I went to an appointment with the doctor who confirmed that my blood sugar is now stable, and I don't need any other test. Interestingly, on April 5th, several tests were carried out, a week before our Summer Retreat, and the blood test stated, "Stable Glycosylated Level".

Do we have a great God, don't we? Now, I celebrate the great miracle I received during the impartation of the Holy Spirit (before the Summer Retreat), and then, God confirmed it during the Summer Retreat.

God bless you.

OUR MULTIPLIER GOD

*Ana Julia de Sagastume
Department of Pastors' Assistance Coordinator,
Ministerios Ebenezer Zone 5, Guatemala*

When I was asked to coordinate the Department of Pastors' Assistance, I was glad because many pastors told me that they wanted to be part of this blessing. Some of them told me, "I will be more than happy to help," and they truly did. I was shocked to see how pastors offered up and went far away to bring not only food for lunch or snacks, but even things to decorate, and nicely, put everything together for the rest of ministers and their families.

We were able to witness the miracle of the multiplication, given by God. Sometimes, some brothers and sisters thought that we would not have enough provision, but with previous experiences, we have watched how God took care, so that everyone fed sufficiently and were fully blessed. This year was very special because we were able to see, serve and greet many ministers, which is a great bless.

God multiplied our forces continuously to serve with joy.

THE BLESSING OF SERVICE

*Pastor Ericka de Enríquez
Department of Pastors' Assistance Coordinator,
Ministerios Ebenezer Zone 5, Guatemala*

I had the privilege of supporting the Department of Pastors' Assistance during our Summer Retreat in zone 5 Guatemala. We were distributing snacks to the participating ministers, so they can refresh themselves and continue receiving God's blessings. Even though, we were located in a small area with a limited equipment, we were able to make it functional. We worked with a cooperative and helpful team of brothers and sisters, who prepared small snacks, soft drinks, and coffee for the pastors. In this team, I had the privilege to work with my three children, and some friends' children who were willing to help in any task needed. See these young people learn to serve is a huge responsibility because transmit the service attitude, to do things with love, is very important to serve with joy and willingness.

Food preparation became moments to share pleasant experiences of the service, how much we enjoyed it, and the way to sow that seed in the following generations; so, they can serve with excellence, humble and attentive heart. In conclusion, we do not do our service as for men, but as to our Lord. A lot of pastors left very happy, expressing their gratitude, and blessing us for the attention received. Serving tables, as Paul said (Acts 6:3), is a very special and important blessing, and I feel very happy and grateful for being part of this team of servants.

THE POWER OF THE HOLY SPIRIT

*Carol de Villagrán
Deaconess of Abigail Women's Department,
Ministerios Ebenezer Zone 5, Guatemala*

The Sunday before the Summer Retreat 2022, during the impartation of gifts of the Holy Ghost, the Lord healed my daughter and me from migraine: "Suddenly, during this service, I felt a big and sharp headache; it was so extreme that I thought I would die, but then, God took this pain away from me."

This is my testimony:

It was a Holy Supper Sunday, we were worshiping the Lord, before the prophecies took place, and during the Holy Spirit movement, our apostle came to the pulpit, and I was calm, without any headache, but suddenly, a big and sharp headache started (usually, this type of pain starts from soft to sharp, but this pain was very sharp). I was so scared because I thought I'd have a stroke, I have never experienced something like this in my life, but it suddenly disappeared.

The prophecies ended and my family and I took our seats, in the first front row. During our apostle preaching, my daughter, who also suffers from migraines, somewhat hereditary, asked me for a migraine pill, and I found it curious. There, I understood that God had done something with me and with my daughter. When Holy Supper time came, I just said: "Lord, I take this Holy Supper with faith, and as a seal of healing, so these migraines disappear in the Name of Jesus."

This is for God's glory!

I CAN DANCE AGAIN

Erika Asencio

Beloved brothers and sisters, I would like to share with you all a personal healing miracle, from God, during the Summer Retreat 2022. Four years ago, I had a serious motorcycle accident, and I broke the shinbone and fibula of my right leg. I had two surgeries: in the first one, I had a nail and four screws from the knee up to the ankle, and in the second one, due to a negligent practice, I was left with a crooked bone, a hole in the middle of the leg, and a missing bone. I had a lot of pain and difficulties to walk. The doctors told me that I needed another surgery that would be quite painful and dangerous. I decided to trust in God and in His healing miracles and don't go through another surgery.

During our Summer Retreat 2022, I left my house very happy because I knew in my heart that God would do a healing miracle in my life, and my leg will be completely healed, and He did. That was an awesome day because when I went back home, I did not have pain anymore. After dancing all day, I felt as good as if there was no broken bone in my leg, and when I touched my crooked bone, it was totally straight! Now, thank God, I can run, jump, and walk without pain. I have been healed.

Brothers and sisters, when I had the accident, I asked God: Why me? Now, God has revealed me what happened, He wanted me to see His glory poured out on me through a healing miracle, love, and mercy that day. This is the God I love and praise.

I RECOVERED MY HEARING

*Marcos Díaz
Church of Christ Capernaúm
Ministerios Ebenezer, Chimaltenango, Guatemala*

I work as a mechanic and one day, I was repairing a very rusty chassis and accidentally a very small piece of rusty metal got into my ear. I started felling an annoyance, but I thought I was something normal, so I poked my ear and I realized that this action was pushing the metal deeper and deeper. A few moments later, I started to feel an intense and strong pain in my ear and head, so I went to get checked. The doctor told me that he had to remove a garbage from my ear through an ear wash. During the procedure, my inner ear was greatly hurt and caused me stronger earaches and headaches. I also visited several specialists who told me that I could lost 60% of my hearing capacity. Their diagnosis made feel very sad because at church I am supporting the Sound Department. Later, I began to use hearing aids to help me listen better and overcome difficulties. I was so willing to serve in the Summer Retreat 2022.

Thank God I was able to do it, and during the prayers for left-handed people, I recovered my hearing capacity again. One minister introduced his finger in my ear and told me that God was giving me back what had been taken from me, and that my life had been prolonged. My ear inflammation went down, and headaches disappeared.

The Lord made a miracle in me.

GOD GAVE ME A NEW HEART

María Eugenia Macario de Calderón

God bless you beloved brothers and sisters. Our Lord has told us, through the Bible, that His Spirit would help us when we pray, and for years I have asked the Lord for a new heart. God recently took me to Ezekiel 36:26 which says that God will give us a new and sensitive heart and remove the insensitive heart. A few months ago, due to a tough routine, I started to feel suffocated when running or jogging. Three years ago, I had a great-results heart test, thank God, and I tried to do another test, but I did not do it.

We prepared ourselves to attend to the Summer Retreat 2022 since we are living in Quiché, Guatemala for work reasons. God gave us the opportunity to assist at the retreat on April 14, 2022, at the 5th service, where apostle German Ponce was preaching about the new things we must receive from God. The lord told us to receive all the new things He has prepared for us. The apostle quoted Ezekiel 36:26, and through this, God told me again that he will give me a new heart. The apostle asked us to past to the front to receive God's blessings, and there, I had a vision where I was receiving an excellent-condition heart of flesh inside an opened medium size box. One time, I had the opportunity to see in television a real heart with a lot of fat accumulated, but the one I saw was not like that, it was clean and new. I stretched out my hands and received the box with this new heart, understanding that it is by faith that we receive the promises of our Lord. Beloved brothers and sisters, I am very grateful and happy with my new heart, I know that our beloved God is changing my heart and He has proven it to me. Despite of the daily efforts,

I feel stronger, and I don't longer have the mentioned symptoms. I even feel more sensitive to the Holy Spirit during my pray time.

I thank God for the opportunity to testify God's blessings in my life. I also want to thank our apostle and the group of ministers who make possible all these blessed activities. Glory to God.

"Moreover, I will give you a new heart and put a new spirit within you; and I will remove the heart of stone from your flesh and give you a heart of flesh. And I will put My Spirit within you and bring it about that you walk in My statutes, and are careful and follow My ordinances" (Ezekiel 36:26-27 NASB).

God bless you brothers and sisters.

I KNEEL BEFORE HIM

*Kimberly Maldonado
Church of Christ Capernaúm
Ministerios Ebenezer, Chimaltenango, Guatemala*

Isuffered from knee swelling and pain for a lot of time. This situation did not allow me to kneel down during my pray time, and when I was able to do so, I was not able to stand up by myself. But the day Apostle Billy Bunster prayed for the congregation healing, he prayed for me and declared healing of my knees.

Now, I can kneel down and get up on my own with no problems. Glory to God!

I BELIEVED AND PRAYED

*Fredy Vinivio Moreno
Department of Worship and Workers,
Ministerios Ebenezer Zone 5, Guatemala*

FOR MORE THAN fifteen years, I had been suffering from intestinal bleeding, and during that time, I had several colonoscopies and endoscopies that showed chronic colitis (inflammation of the colon). This was due to taking many medications that caused me excessive constipation. I have seen several acquaintances pass away from bowel cancer (my mother-in-law is one of them). However, the Lord told me many times, “My grace is sufficient for you.” I always relied on that word. I also went through difficult times, in which I burst into tears, and only my wife and children knew and prayed for me in those very difficult stages of my life.

Before the Summer Retreat, I had some bleeding for about twenty consecutive days, but on Tuesday, April 12, at the Pastors’ Retreat, the gift of healing was imparted to the ministers, who were then sent to impart that gift to the sheep, and I was there. Before that, Apostle Sergio asked us to pray for someone we had in mind, and I did it with all my heart. Later, pastors and other ministers who were in the temple prayed for us. I believed and prayed for my faith to be increased and believed in the impartation. In the afternoon, when I went to the bathroom, I realized that I no longer had any bleeding. Since that day, I have been getting better and better.

I continue to take fiber, but I am in the process of having another colonoscopy to certify with medical tests what the Lord has done in my health, and I believe He will complete His work. I also suffer from gastritis and waist problems because of an accident I had when I was young, but I know that God is good and takes care of me. My desire is to continue to serve Him with all my heart, and I know that He will complete his work in my life. Amen.

“Taste and see that the Lord is good; How blessed is the man who takes refuge in Him!” (Psalm 34:8 NASB)

GOD’S CLOUD

Nancy Elizabeth Patricio Miranda

BROTHERS AND SISTERS, MAY GOD continue to bless you. I want to share with you this great blessing. When reviewing the pictures I took during the International Summer Retreat 2022, I noticed that in one of them, there was something supernatural that caught my attention. That is why I decided to share my testimony, so that the Name of Jesus Christ may be glorified, and the Church, the body of Christ, may be edified.

In the image, you can see a reflection of the sky in the surface of a tambourine and clouds like a beautiful sunset, which is very impressive. It is amazing because it was 7:07 p.m.; it was nighttime. When I researched, I found several Bible verses related to the sky and clouds: “And the Lord went before them by day in a pillar of a cloud, to lead them the way; and by night in a pillar of fire, to give them light; to go by day and night: He took not away the pillar of the cloud by day, nor the pillar of fire by night, from before the people” (Exodus 13:21-22 KJV).

In the image, we can see a kind of sunset, a kind of fire lighting up the sky. Undoubtedly, the presence of God was in the Retreat, guiding and surrounding us. The Lord visited and vindicated each person in a very special way. Maranatha!

GOD PROVIDES

Samanta Mendoza

RECEIVE A WARM GREETING. I work as a real estate broker, and for about four months, I had not been able, under any circumstances, to do any business. On the contrary, on several occasions, properties were booked, but the business did not materialize. I became frustrated and did not understand what was happening because I had in my real estate portfolio properties of such a category that I had never had before. I used to close deals all the time, but now that I had more properties in different categories, I could not complete anything. As a result, I got into debts that I could not pay. I never stopped attending church services. On the contrary, the Holy Spirit made me seek to be under the shadow of my Heavenly Father even more earnestly. I began to serve in a department two Sundays before the Summer Retreat. I wanted to enjoy the whole week, so I prayed that the Lord would allow me to go to the Retreat without debts so that I would have peace of mind. But nothing happened. I was informed that my department would serve every day. I was worried because I had not settled a single debt. On the contrary, that week, I had one more debt to deal with. I said I was only going to attend one day. However, as I was working on the work of the Lord, I realized that there was a lot to do, and for that reason, I decided to serve each day that my authorities told me to.

I served the whole week, except for the last service on Saturday. I was very exhausted after an entire week of service. But it was then that the Lord spoke to me when Apostle Sergio referred to Isaiah 40:1, which states that our warfare has ended. On Monday, after the Retreat, I showed one of the best properties for sale, and the client

was determined to pay the property all at once (it was in one of the most prestigious areas of the country). The sale was made, and I immediately received the payment. I can say that this was not how I asked: “God, get me out of debt so I can enjoy the retreat”. On the contrary, it was just how God decided: “Serve me, and I will get you out of debt.” With the profit I received, I was able to pay everything I owed, and I even invested in another business that became my source of livelihood.

I can testify that God is in complete control, even during difficulties we cannot resolve. There was no way I could get out of these debts (which were not a result of bad management). Thank you for your attention. I hope this is edifying to anyone who is passing through a financial desert, unaware that it is God who will surely show his eternal and infinite glory.

MY FATHER'S GOD

DURING THE PREACHING “The Deliverer, Part III”, the Lord blessed me with the therapy of forgetting. I really could not forget the painful moment of having lost my dad in 2021. I remembered again and again the last time I saw him (when he was admitted to the hospital because he was very ill with COVID-19). Now, I can remember him and thank God for the time He allowed me to share with him. It has not been easy for me, but the comfort of the Holy Spirit has been supernatural!

THE LORD SURPRISED ME

Jonatan Sosa

DEAR BROTHERS AND SISTERS, GOD BLESS YOU. I had been unemployed since August last year, and in December, I found out that I was going to be a father. My wife was six months pregnant, and in March, my daughter was born. I had several temporary jobs; I had many interviews, but no company would call me back. I was frustrated by the fact that I didn't have a permanent job. However, at a baby shower, we received lots of diapers and baby wipes. My daughter is bottle-fed, and the milk cans are given to me in threes. I know that only God can do this. During the week of the retreat, starting on Wednesday, I began to ask the Lord to provide me with a job, but I felt that He was not listening to me. On Friday, April 15, at the last service, I went to the front to pray, and I told God that I felt He was not listening to me, and I asked him to forgive me if I had done something wrong. Suddenly, I received a message telling me to take comfort, that God had never left me alone and that, in those days, He would give me a gift.

The Monday after the Summer Retreat, I was lying in my room. It was ten o'clock in the morning when, suddenly, I received a phone number to call for a job opportunity. I spoke to a lady who told me to get there as quickly as possible for an interview. I left in a hurry, feeling very peaceful on my way. I knew that job was going to be for me. I arrived at the place and filled out the application. Afterwards, I was interviewed, and they asked me if I had a valid driver's license. I didn't have it. It had been confiscated because it was expired, and I had not been able to renew it. Fortunately, the lady gave me Q250 to renew it. I was worried, because I had to pick up the license at the municipality of zone 18, but with faith, I went to get

the required documents, paid the fine, and went to the company where the licenses are issued. I was afraid that I could not do it because it had been confiscated, but they only sent me to file a report with the police, and I returned. Finally, there was no reason in the system to deny my driver's license, and I received it without problems, that same day.

I understood that the gift God would give me was my job. My employers are nice people. During the first week, they invited us to lunch. Also, it was my birthday, and they bought pizza and a cake for all! Now, I understand why God made me wait so long. He was going to put me in the right place at the right time. The lesson I learned is that things do not come when we want them to, but in the perfect time that God wants, and He even has special details for us.

THE LORD IS MY PROTECTOR

TO THE HONOR and glory of God, I was healed of an allergy to UV rays from sunlight. I used to spend most of the day indoors. However, while serving under the sun for four days during the Summer Retreat, amazingly, I did not suffer from any allergies, nor did I have any outbreaks or reactions. My skin remained healthy, and from that day on, all the symptoms that used to bother me so much have significantly decreased.

I RECEIVED A MIRACLE

Mildred Castro

I RECEIVED A MIRACLE of healing in my body at the close of the Summer Retreat on Saturday, April 16th.

I spent more than eight days feeling very sick from my colon, and despite that, I was going during the week of the retreat to serve and receive; enjoying myself greatly. But on Saturday, April 16, the pain increased, to the point where I could not walk. I live alone in San José Pinula and my son, who is a doctor, lives in the Guatemalan capital. He told me to come urgently to do some imaging tests; thinking it could be peritonitis. My daughter and her husband took me to the emergency room, where my son works, but when we were arriving, I asked them to take me to the retreat first, and that, when we got out of there, we would go to the hospital. There was no longer any need to go back to the hospital because the good Father worked in me!

Despite the fact that for more than eight days I had a lot of pain and I was taking medications that did not solve anything, until today, I have not had any pain. This happened at the end of the retreat when our apostle blessed us and asked us to pray for people who had some ailment, and although I still felt very bad, I remembered a relative who was diagnosed with cancer, and my children laid hands on me for apostolic instruction and thus, the Father worked in me. Blessed be his Name!

As Acts 4:20 says: “for we cannot but speak of what we have seen and heard.”

Maratha!

THE LORD MULTIPLIED MY OFFERING

Caroly Rosales

IN DECEMBER 2021 I lost my job, and for this reason, my mom lent me her car so I could attend the Summer Retreat and be able to serve God. I went with practically no money, and of course, I had to put gasoline in my mother's car; I didn't know what to do to get money for gasoline, I had worked as a taxi driver, but I no longer had access to that vehicle. At the beginning of the retreat, a sister told me to bring her and drop her off at her house after serving and that she would pay for the trip, I agreed, but I did not intend to charge her. As I picked her up, she handed me a twenty-quetzal bill, which was quite folded, although I did not want to receive it, since it is a blessing and an offering to God, to help our brothers and sisters. However, when I arrived at the gas station to put the twenty quetzales in my mother's car, which according to me the sister gave me, I was amazed, since I didn't have twenty, but sixty quetzales!

In addition to that surprise, I had found lying on the street, another twenty quetzals. With that, there were already eighty quetzales for gasoline, and well, I was left with my mouth open at the wonders of our Lord, since he gave me his blessing for my gasoline, and also, of being able to transport my sister. That is part of the blessing I received in my life at the retreat and I wanted to share it with you.

God is good and wonderful!

I RETURNED TO THE TIMES OF LOVE

Jonatan Salazar

ON TUESDAY, April 12, our apostle said: “Write down this date as well as all the days of the retreat, since you will be marked and you will not forget these extraordinary days.” I believed it with all my heart and received it in the Name of Jesus Christ.

On Wednesday the 13th, even though I was working, I listened to the message and the ministry of the apostle and I felt something strong in my being, the desire to return home, since I had been away from the ways of God for a long time. On Friday the 15th, I was able to go to the last service of the retreat, since I was on shift all week at my job. However, I was not calm due to some work pressure and left before the service ended. This made me feel very sad because according to me, I could not receive what God had for me.

On Saturday the 16th, I was desperate and sad at work because I couldn't go to the retreat, —I was like that all morning and part of the afternoon—. Many thoughts passed through my mind that tormented me: “I sing praises and I don't feel anything and I sing them just to sing, why don't I change? I want to come back”. In my desperation I decided to participate in the retreat on Facebook, I received two services and both spoke to my life. Specifically, the preaching of Pastor Jorge Jaenz, where he spoke exactly why many times we do not change and how we should sing praises with the soul and with understanding. I understood that this is because it is difficult to remove these bad habits from our lives. So, I left where I was and remembered that before I used to hear certain praises that I sang and

believed with all my heart, so I started listening to them and they filled my life again. I decided again to go to the retreat, but I couldn't find parking for my motorcycle. I felt very sad, I left and approached the other side of the street, and listening to the praises that were sung I raised a prayer from the depths of my heart: “I have looked for you, I have looked for you”. My tears fell and I kept praying and remembering what I felt in previous experiences with my Lord God. Determined, I took another turn, and when I came back I managed to find a parking lot. I went in extremely happy and I really enjoyed the praise. When the moment of adoration arrived, precisely part of those two praises were sung, of which I was reminded that I sang passionately to God, and at that moment, I completely poured myself out in adoration!

When the time of the gifts arrived, a message said: “I have descended tonight to seal your heart because I have come to give you a heart of flesh sensitive to my Word, because I have been destroying all these days, that heart of stone and I have used the hammer of my Word so that you are no longer the same. Today I tell you that you are going to get up strong, that all those thoughts that made your life impossible, today are strictly prohibited from continuing in you because I have come to renew your strength. I have come to renew your mind so that there is a Metanoia in you because your walk will be beautiful, different from the one you have had, as today I have increased your faith, and even if the enemy rises, I have complete victory for you.”

Since that day, April 16, I have had a genuine change in my life. Blessed be my Lord.

THE VALUE OF LIFE

*Antonio Barcárcel Camey
Associate Pastor,
Ministerios Ebenezer Zone 5, Guatemala*

AS CHRISTIANS we must analyze our walk, evolve, and have new daily experiences with God, we only require effort and dedication, but above all love him above all things.

One Saturday I was invited to a Koinonia with some brothers from Ebenezer Ministries, where I was able to have an experience that would mark my Christian walk in a special way since the passage described in Psalm 90:12 came to mind: “So teach us to number our days that we may get a heart of wisdom.” Being in this fellowship with my brothers and participating in certain physical exercises, unfortunately, I fell to my left side and my body hit the shoulder blade split with the clavicle, and possibly a stone or the weight of my body, caused a nerve to sever, causing strong electric shocks, which ran through my body; from my head to my feet in a matter of seconds. That was something inexplicable, I felt that my brain could explode. While the brothers ran to help me, only my right arm had movement, and the rest of my body did not respond. Asking the Lord Jesus for his mercy, I was able to hold my left arm, since it moved from side to side, without control. Instantly, a thought came to me: “I’m going to be paralyzed and won’t be able to walk.” Later, from my feet to my head, I began to have sensitivity again, I gained strength and they helped me to stand up; everything happened in a few minutes. As a consequence of this episode, I had pain in my neck—a muscle in the shoulder on the right side completely hardened—, I had been in treatments, therapies, and massages, but with no improvement. For more than two years I suffered pain, —even to turn to see to the right side or raise my face to the heavens—, until the retreat of the Year of Vindication arrived in which I tried to receive healing

in the different ministrations imparted by the servants of God. I wanted the pain to go away and that there would be no complications in my vertebrae later because the blow was quite strong; the muscle was practically a stone that had become a hindrance to my life. But, in one of the ministrations given by our Apostle Sergio Enríquez, I received the priestly blessing described in Numbers 6:24-27, I remember that he began by saying: “May the Lord bless you and keep you; may the Lord make his face shine upon you...” When our apostle finished saying that sentence I felt how my spine thundered and I could feel light, even the muscle on my right shoulder softened and was no longer stiff, the pain that I experienced for more than two years when I turned my head or raised my face was gone.

Today I am grateful to God and together with my wife and family, we ask him to continue to abundantly bless our apostle and his family. Glory to God, because we can experience his miracles, let’s believe Him!

I WAS HEALED

Bella Toledo

MY NAME IS Bella. I was going through a time of physical and spiritual illness, where my pregnancy affected me a lot. I got the flu, and I was about to lose my baby; in addition to this, I was going through a severe depression where I wanted to take my own life. But on Saturday the 16th, I was watching the retreat on Instagram, and I felt how the Word of God filled me to the depths of my heart and how it penetrated my bones. I was completely free and healthy.

THE HOLY SPIRIT KEEPS WORKING

*Luis Carlos Beltrán
University Department

PON WEDNESDAY, April 20, after the Summer Retreat, during a Karate-Do jumping training, I hurt my lower back, that day I returned home very sore, the pain worsened, and I had to always be upright. We prayed with my wife that night for a healing miracle from God so I wouldn't have to go to the doctor.

On Thursday the 21st, I woke up with a lot of pain, but at 5:30 in the morning, I joined the morning prayer, — as I do most of the time—, and I began to pray when our Apostle Sergio Enríquez prayed specifically for the back pain and injuries. He even mentioned that he was praying for a specific back at the time. My wife tells me, “Look, the apostle is praying for you now.” I knew that the apostle was praying for me, and I put my faith in it, I touched my back and felt a slight warmth. Then he finished the prayer, and I said, “I was healed, the Lord did the complete work of healing on my back.” So, I began to bow down and jump for joy, delight, and wonder. From that moment, I was healthy, and I told my family. Even with my faith activated, I prayed for some of them who had physical ailments to freely give what I received freely.

The following Monday, I went to my workouts and trained as I had never been hurt.

Glory to God, who even after the week of the retreat, continued to work what was ministered and received there!

MY GOD OF PEACE

Helim Orozco

FOR A LONG TIME, I have been struggling with anxiety, but I knew that God would do great things at the retreat, and that's why I went. On Thursday the 14th in the morning I felt a lot of oppression in my mind and I got completely discouraged because I expected to feel free, so I prayed to my God and said: “I don't want to be like that anymore, I can't do it anymore, do something for me.”

In the fourth service in the afternoon Prophet Hugo García preached and at the end, he ministered freedom for thoughts, I went to the front because I knew that it was the opportunity that God was giving me to be free. I spoke with all sincerity to my Lord and I know that from that day he began to perform a miracle in my life. Of course, I have not obtained complete freedom from this anxiety in practice, but as our Apostle Sergio has taught us, He has already given me the check and I am cashing it. Now, I walk in faith, knowing that the day will come when my mind will be completely free since little by little I have been able to see how those walls are falling because I am no longer the same as before.

That same day, our apostle ministered peace in the last service, and now I have experienced a peace that, despite difficulties and discouragements, I feel confident that He is with me always.

NOW I HAVE NEW STRENGTH

GOD BLESS YOU. I want to tell you about my experience at the Summer Retreat. It was a miracle that the Lord allowed me to travel to the retreat since my wife could not go, as she was recovering from surgery. My surprise was much greater to have had the experience of the filling of the Holy Spirit, to the level that I consider it to be “completely filled with his Spirit.” This is my great miracle because I cannot stop thinking about the magnitude of his presence that I felt, even sitting in my chair on Esplanade Five, sometimes I felt that the Lord opened the heaven to me and took me with Him. It was the strength that I needed to obtain. Blessings.

GOD SPOKE TO ME

Geovanny Martínez

THE SUMMER RETREAT of the year 2022 was a great blessing for my life because I received all the ministrations, but there were two that filled me a lot spiritually.

On Friday, April 15, in the last service, my God spoke to me in praise with the last song of the psalmist Genesis Campos. Here, the Lord made me return to the year 2020 —when with that song I returned to his path—, and I heard a voice that told me: “Do you remember that with this song you came back to me.” And when the spiritual gifts came, God used me.

And on the last day, Saturday, April 16, I was dancing when God spoke to me for the second time: “See behind your back. In my time and not in yours, you will be singing to people as you see now.” Since I was little, I have wanted to be in the praise team. I know that God used me in those two points because what I felt was something extraordinary; it was not me but the Lord who worked in me. The retreat was a great blessing!

THE LORD IS MY DELIVERER

YEARS AGO, I had problems with my womb; I also suffered from a lot of dizziness and difficulty walking. Currently, I am helping several people; For example, on my website, I am visited by people who have cancer, anxiety problems, depression, panic attacks, diabetes, etc. Although I was not able to personally attend the retreat, on the Friday before the retreat, the Lord told me: “Get ready because I will give you my instructions very soon.” To the glory of God, at the Pastors’ Retreat, they talked about the Othniels, whom God would raise at this time. I received that ministry. Currently, I am very happy and grateful to the Lord, I no longer have so many dizzy spells, and I can now walk better and work on my own business, so the freedom ministrations at the retreat were a great blessing for my life and my family since I know that they acted powerfully in all aspects of my life.

Blessings!

GOOD DAY AND BLESSINGS to each of you. I will tell you my testimony of this retreat and the vindication that the Lord gave me. I had been working for a company for three years, I got two promotions there and everything was going well, but on March 31 of this year, I was fired without the corresponding wake-up call process. I felt unappreciated, since I worked shifts from six in the morning to eight at night, almost every day. At the time of saying goodbye, they told me that there would be a certain relationship —because they would give me some clients to work with—. I kept my faith and hope completely in the Lord, and to the honor of God on April 1, I got offers from three companies and interviews. As of April 4, these interviews were not attended, since we decided with my wife that I would take a break and time to serve fully in the 2022 Summer Retreat.

Despite everything that had happened, there was a position that caught my attention in an expanding company that was consistent with what I had been working for but with more flexible hours and an attractive salary. With faith, I sent my resume the same Monday, April 4; but they didn't answer me, so I stopped my job search and focused fully on the retreat. On Wednesday, April 13, our Apostle Sergio Enríquez ministered forgiveness and indicated that all injustice would be settled by the Lord. Also, when he ministered, he said that we would be honored in front of those people; even the next day he indicated that if someone had been unjustly fired, he would be vindicated, but forgiven, with the thought of moving on. I received those words with faith, even my mother was listening to the

ministrations, and she told me that she knew that the Lord was going to vindicate me.

I finished the retreat with inexplicable joy, even without work, but with the certainty that God, who is so great, was going to pour out his blessings surely on my life and family. The following Monday, I sent several emails, and they started calling me for some interviews. On Tuesday they called me at four in the afternoon from the expanding company and made an appointment for Wednesday morning. That day my job was confirmed. Now, I have been working since April 22 in a much calmer position, with better pay and time to serve the Lord.

This is our God and the word that He delivers for my house, Ebenezer Ministries.

I RECEIVED NEW TONGUES

Cindy Elizabeth Batres Martínez

BELOVED SIBLINGS. In the retreat, the Lord gave me new tongues, and while I was in that process, I felt the presence of someone next to me and when I opened my eyes, I did not see anyone, but I still felt him. I experienced that presence twice. Also, when brother Jorge Jaenz ministered the worship and the new song, I began to sing with my new tongues. Blessed be our God because he has poured out his grace on us. The Lord bless all the brothers and sisters who allowed themselves to be guided by Him.

GREAT IS HIS MERCY

Ingrid Echeverría

BELOVED SIBLINGS, receive blessings from the Lord. In January of this year, I was diagnosed with *Helicobacter pylori* bacteria. This bacterium left my gastric mucosa damaged, thus triggering severe gastritis. Despite taking a lot of medication and a strict diet, there was no improvement, and I only felt that my condition was getting worse. But I had promises from the Lord that I would be completely healed.

I want to testify to you that God spoke to my heart to be at the retreat on Thursday morning, April 14, because it would be the day of my healing. During the ministry, I could feel a great conviction in my heart that the Lord was healing me and from that day on, all the ailments I felt disappeared. I give glory and honor to the Lord for my healing because once again, he healed me.

New are his mercies every morning!

THE MIRACLES HAVE NOT CEASED

*Pastor Loida de Sierra

GOD BLESS your lives greatly. I want to share the healing that I received from our God on Thursday, April 14, in the sixth service of the retreat, with the theme: "Therapeutic Forgetfulness," given by our Apostle Sergio Enríquez. I went to the retreat on Monday and Tuesday, but I arrived with a fever and severe pain since the week before the retreat I had an infection, and I also had an intense headache. On Wednesday, the pain was much stronger, so my body lost balance and I couldn't sleep; my family was already very worried.

By faith, I went to the retreat on Thursday. I went to the altar because our apostle ministered that our sleep would be in peace. Now, I give the glory to God because he did his healing work in me, the infection disappeared, and the fever and body aches and headaches went away. Blessed be God because the time of miracles is not over. I ask God to shower abundant blessings on you and your family.

Amen.

THE FATHER WHO GUIDES US

Pastor Patty de Muralles

FOR MORE THAN FIVE years, I have suffered from problems in my spine to the point of not being able to carry out daily activities, such as standing for a long time, bending over or tying my shoes, getting dressed, walking, running, or carrying heavy things. I have suffered from asthma for more than twenty years, and climate changes affect me a lot. At the Pastors' Retreat, on Tuesday, April 12, my husband, Pastor Israel Muralles, prayed for me, and while he prayed, another brother interceded for God to increase our faith. My husband put his hand on my spine, and I felt a fire burning me; then he put his hands on my back, and I felt strong pain in my lungs, which I could not bear. As my husband prayed for me, I know I was filled with the Holy Spirit. At that time, I did not feel any improvement, but our apostle said that in the next few days, the healing would be completed.

The week after the retreat, I became very sick with a cough and had problems with my lungs, but in the days that followed, my lungs cleared, and I even stopped hearing characteristic asthma whistle in my chest. On Wednesday, while I was at work, I moved some furniture from one level to another, but I didn't realize that I no longer felt pain. On Thursday, April 21, when I went to work, I realized that I could move, and turn my waist and bend over without difficulty. I went with my family on a trip, and I was able to carry my backpack with weight on my back, in addition to my purse; we walked a lot as well as went up and down many stairs, and I had no problems. Activities that days ago, I would not have been able to do.

As my husband prayed for me, he also received healing in his body. I am grateful for our healing. God is the same yesterday, today, and forever. I give glory to God because now I can walk, run, go up and down the stairs, and lead a normal life. The Lord healed me!

THE LORD IS IN CONTROL

OUR MIRACLE began prior to the retreat since we were able to serve as part of the Department of Treasures of the Ministry to host some brothers in our house. Instantly at my job, they gave me a bonus that was overdue for two years. In addition, we decided to host three brothers from Mexico, whom we had received in 2018. That same day, we were assigned the two people we had requested. So, where there was food and lodging for two, five people were housed.

The amazing thing was that the money they gave me at work was enough to feed all of them, us who are four and other people who at times came to my house—at least ten more people, since we live near the church and it was easy for them to rest there. In total, we fed nine people during the three meal times daily, apart from the guests; but the miracle does not end there. When the four sisters and the young man who were with us left, a person gave us an offering; this offering was an amount very similar to what we spent on the food we gave to our brothers and friends.

THE GOD OF COMFORT

Dulce Martínez

BLESSINGS SIBLINGS, I want to tell you about the beautiful miracle that I received from our Lord through his great mercy. I am from the municipality of Tuxtla Gutiérrez, belonging to the State of Chiapas, Mexico; where I have lived all my life.

In the year 2020, my dad passed away due to the pandemic. The moment of his death had been so deeply embedded in my memory that every time they gave me their condolences, I felt something very painful. While looking for something to help me cope with my life, I found the YouTube channel of Apostle Sergio Enríquez, and it was the year of reconciliation; on that occasion, he spoke of handing over our burdens to the Lord and letting ourselves be embraced by his love because he is our Father; From that moment I began to follow the channel during all the retreats that have been broadcast, up to the current one. On January 10, 2021, the Year of Recovery, they notified me that they had taken possession of an urban piece of land that my father, before he died, had left in my name. But through the Prophetic Proclamation, the Lord gave me the confirmation that I would get it back. I log in to all the morning prayers to pray together with all the people, and God always answers the requests. He is always faithful.

Having said the above, I share the experience I had during the transmission of the International Summer Retreat 2022, when Apostle Sergio preached on April 14 about the memory on the topic: "A Therapeutic Forgetting." Here, they called all those who had a very great sadness so that the Holy Spirit would comfort them, and I asked for it, I asked for it so strongly within my heart that there was an inexpressible cry within my soul and the breath of life that only the Lord gives. I felt it as strongly as when my dad hugged me with love, strength, and courage, and it was

something beyond my physical body; it was a ministry to my soul. I cried, but it was from happiness because I know that I have the comfort of God constantly with me. What I felt was so beautiful that only those who have felt it can be clear about what it means. Before, I couldn't talk about my dad's passing. But now, I can help those who have that emptiness left by the death of a loved one, speaking about my testimony and telling how it was that the Holy Spirit comforted me with his love, strength, and courage.

Glory to God for the life of our apostle and the revelation that has been given to him to use digital media and constantly transmit the message of salvation of Christ Jesus. God bless all the brothers and sisters who are part of Ebenezer Ministries. Blessings.

MY LIFE IN HIS HANDS

*Carlos Rosales

THE LORD ALLOWED ME to serve him in the Summer Retreat, and for this, I needed to request authorization from my place of work. After the retreat, the Lord performed a great miracle in my life, since he opened a door for me to move up to a better position in my company; this without my request. These promotion processes can last up to three months, but they gave it to me in one day; they simply called me from the company's human resources and sent some tests to my phone. I did them, and the next day they sent me the contract to review.

Beloved siblings, this is how our Lord manifests himself. When we least expect it, he lets us know that nothing escapes from his hands.

I WAS ABLE TO FORGIVE

Carina Yanes

IN MY NUCLEAR family, we had the desire to participate in the retreat, but it was not possible. We set out to follow the transmissions, and so we did. In one of the sermons, the Apostle Sergio spoke about forgiveness —which makes us forget— and I forgave. God brought people to my mind to forgive them; it was something extraordinary. The next day another pastor was ministering, and when he began to pray, I had a release as there was someone else I hadn't forgiven yet; it was a very beautiful thing for me to be free of that. I hope my testimony is a blessing for those who have not yet forgiven someone. Greetings!

THE UNITY OF THE HOLY SPIRIT

Ezequiel Hernández

GOD DID AN extraordinary work in our marriage during the retreat. Specifically, the last day, in the evening service. The Holy Spirit baptized my wife

and filled my life again. Before the retreat, we needed to be more united with the Lord, and we longed to be filled with that unity that only He can give in every aspect, marriage, and Church.

But that day, we were moved to another dimension in our marriage because of the infilling of the Holy Spirit. After the retreat, we can say that his Spirit of unity has fallen on us, opening the doors of blessing and unity for my family.

I bless the ministry that God has granted our Apostle Sergio Enríquez to direct, which is a blessing for the entire body of Christ.

Blessings.

MY TRUE IDENTITY

Zuly Carranza

ON SATURDAY, April 16, at the closing of our glorious retreat, at the moment of praise, while I was dancing outside the tent looking at the sky and contemplating what the Lord was doing; some clouds in the shape of angels landed. This caught my attention due to the ministration we had from our beloved Apostle Sergio in the last service of the retreat. Without a doubt, many of us were transferred to another dimension, seeing things differently. What is written in Haggai 2:9 ESV is fulfilled: "The latter glory of this house shall be greater than the former, says the Lord of hosts. And in this place I will give peace, declares the Lord of hosts."

In my case, I felt that the identity of a daughter was given back to me.
